Healthy Ideas^{HIHR}
Healthy Returns

Overview Quickfire sessions, November 7 - 14, 2022

HIHR offers new entrepreneurial teams/KTOs venture ideas, not pitch ready yet, the opportunity to test their idea / concept with investors, entrepreneurs and corporates in a 45 minute online session. We highly appreciate your feedback and encourage all investors to participate in these informal sessions to help young entrepreneurial teams with feedback.

These sessions for pre-mature projects will take place online via MS Teams, according to the following schedule:

Quickfire sessions

Quick fire sessions		
Monday Nov 7	09.00 – 09.45	Wavy Meet - <i>we make remote cardiac rehabilitation possible</i> Therapeutics & Biotech - SnT/University of Luxembourg
	17.00 – 17.45	Classifide - <i>Guiding therapeutic decisions in cancer</i> MedTech & Diagnostics - NKI-AVL Knowledge Transfer & Contracting
Tuesday Nov 8	12.00 – 12.45	Qaring - <i>Quantifying the Patient Journey</i> eHealth & Datascience - Innovation and Impact Centre TU Delft
	17.00 – 17.45	MyoHealth Diagnostics - <i>Predict diseases risks based on muscle health</i> MedTech & Diagnostics - SOPARTEC SA – UC Louvain
Wednesday Nov 9	09.00 – 09.45	inSteps - <i>in-silico stroke treatment simulation to optimize devices and clinical trials</i> MedTech & Diagnostics – IXA
	12.00 – 12.45	Functional nanoparticle for synergy of radiation and photodynamic therapy of cancer - <i>Scintillating nanoparticles with upconversion function</i> Therapeutics & Biotech - IXA UvA
Monday Nov 14	09.00 – 09.45	ExCulture - <i>Transform the production method of life saving pharmaceuticals</i> Therapeutics & Biotech - Delft Enterprises
	12.00 – 12.45	IR Lumen - <i>Shining light on the diagnosis of chronic lung diseases</i> MedTech & Diagnostics - IXA VU
	17.00 – 17.45	SMART-HIP - <i>Objective assessment of soft tissue balance during a hip replacement</i> MedTech & Diagnostics - TU Delft

Please mark your interest at the registration form, join as many sessions as you can and help new spin off teams with your feed back and advice.

Summaries of these Quickfire candidates will be sent upon registration.

If you are interested in joining a QF-session, but haven't received an Outlook invite yet, please send an email to clar-els@hihr.eu.

JNJ Innovation

[Johnson & Johnson Innovation](#) seeks to positively impact human health through innovation. We do this by helping entrepreneurs realize their dreams of creating healthcare solutions that improve people's lives around the world. We work side-by-side with innovators throughout their journey, providing a robust exchange of ideas and resources to support their success.

Our mission is to create the leading global innovation network to generate transformational healthcare solutions through value-creating partnerships, across all sectors: consumer, medical devices, pharmaceuticals and global public health.

We are comprised of a family of complementary teams that bring meaningful solutions and flexible approaches to support collaboration:

- Our [Innovation Centers](#) are regional hubs to access the best science and technology in the region. [Make the connection](#) if you are an entrepreneur or an early-stage consumer or medical device company, or a biopharmaceutical company seeking a collaboration to advance a program which is pre-proof of concept in humans.
- Our [JLABS network](#) of incubators support entrepreneurs launching consumer, medical device, or biopharmaceutical companies. [Make the connection](#) if you are seeking incubation space for your early-stage company, or seeking to expand your start-up through an exchange of ideas and collaboration.
- Our [JJDC, Inc.](#) strategic venture arm invests across all sectors and at all stages, from seed-level start-ups to Series B and beyond. [Make the connection](#) if you are seeking a strategic venture partner.
- Our [Janssen Business Development](#) team seeks to identify collaborative opportunities that will create transformative value for our partners and the world. [Make the connection](#) if you are an established pharmaceutical company, or mid-sized to large biotechnology company, and seek a collaboration or merger & acquisition discussion.

Feel free to contact our Benelux External Innovation Partnering leads [Paul Soons](#) or [Peter Roevens](#).

Silver sponsors

INKEF

INKEF Capital is a leading venture capital firm based in Amsterdam with a proven history in backing promising early stage companies in Europe.

INKEF takes pride in being a patient, long-term investor with the ability to support companies through several funding rounds all the way up to IPO. From the early stages of being a technology or life science venture, INKEF supports entrepreneurs building their ideas into successful international businesses. Inkef's investments include Onward Medical, Castor, iOnctura, Cardior and GitLAB, Remote among others. For more information please visit: www.inkef.com

Arnold & Siedsma

We have over 100 years of experience in the legal protection of intellectual property of [inventions](#), [trademarks](#) and [designs](#). In addition to our offices in the Netherlands, Germany, Belgium and Switzerland, Arnold & Siedsma has an extensive global network of agents so that we can protect your rights anywhere in the world. Arnold & Siedsma has more than fifty in-house technical and legal experts with knowledge of all the important [innovative sectors](#), from [biotechnology](#) and [pharmaceutics](#) to [semiconductors](#) and [software](#). Our work in intellectual property varies: from assessing innovations, formulating and obtaining patent and trademark requests, protecting patent and trademark rights in case of transgression to providing strategic and operational advice.

Supporters of HIHR

NLC Health

Pain monitoring systems, ultrasound cancer detection, light therapy for newborns- these are just some of the life-changing technologies that NLC has brought to those in need- that would have otherwise been abandoned. Join us in nurturing healthtech ventures to advance health. www.nlc.health

V-Bio

V-Bio Ventures is an independent venture capital firm specialized in building and financing young, innovative life science companies. V-Bio Ventures was established in 2015 and works closely with Belgium-based VIB, one of the world's premier life science institutes. The fund invests throughout Europe in start-up and early-stage companies with high growth potential focusing on technologies that provide transformational improvements in the biopharmaceutical, pharmaceutical, diagnostics and agricultural sectors www.v-bio.ventures.

Thuja

Thuja Capital Management (Thuja) manages several venture capital funds aimed at building and scaling companies in the fields of (bio)pharmaceuticals, medtech and digital health. In addition to generating a financial return for its investors, Thuja's investments positively impact the health and well-being of patients. Thuja serves physicians and patients worldwide by providing capital to daring entrepreneurs with ground-breaking product concepts locally. For more information visit www.thujacapital.com.

Novalis

Novalis Biotech is an early stage venture capital investor in life sciences with a focus on "enabling technologies" such as research and manufacturing tools, bioinformatics, genomics, diagnostics and digital health. We strongly believe in capital light platform technology and close interaction with customers already early in the life of the company.

Novalis invests from (pre-)seed stage to series A. www.novalis

Theodorus

Theodorus Funds are venture capital funds dedicated to early-stage tech investments. It invests mostly in Biotech, MedTech & AI companies with proprietary technologies. Besides its financing role, Theodorus also plays an active role in the development of its portfolio companies, guiding the company towards its success. Today, Theodorus holds 70M€ of assets under management, which helped fund >40 companies and create >700 M€ in value. Theodorus has offices in Montreal and Brussels. www.theodorus.be

General Inception

General Inception partners with scientific founders - often first time founders - to ignite their innovation and create transformational companies. We are co-founders bringing together domain expertise, seasoned executive talent, infrastructure resources, and capital to nurture company growth from inception. We started our journey in Palo Alto, California and are now expanding in the Benelux and rest of Europe. www.generalinception.com

Imec.istart.nl

imec.istart.nl, powered by imec and Novel-T, offers tech startups pre-seed funding (between 100.000 and up to 250.000 euro) and tailored support to succeed and grow globally. We have the ambition to support at least 15 high-potential start-ups per year in the Netherlands – often as their first investor. As an investor, we're in it for the long run. www.imecistart.novelt.com
